Data requirement for facilities within the public right-of-way:

The facility data, graphical and non-graphical, shall be in the latest GIS format available to the owner of facility. It will be provided to the City of Houston in CD's or in hard disk and it is preferred to be in one of the ESRI's GIS environment such as Shape file, Arc/Info coverage, SDE, etc. The dataset shall include all lines and point features and at a minimum the following attributes are required for each feature:

Facility ID
Name of owner
Address of owner
Contact name
Contact telephone #
Contact Email
Type of facility
Purpose of facility
Date constructed
Maintained by
Size
Shape
Material
Depth

In the case that data is not available in GIS format then a complete set of tabular data for facility shall be provided to the City in CD's and it is preferred to be in Excel or Access. The dataset shall include all lines and point features and at a minimum the following attributes are required for each feature:
